Q-Go

NIJLAND

nijland.com

The perfect walking solution for every day

Comfortable and supportive

Experience freedom with the Q-Go

The Q-Go is a compact walking solution that makes it easier to cover longer distances, especially when walking is challenging. Thanks to its saddle, it relieves pressure on your joints and legs while allowing you to move safely and comfortably. The low step-through makes mounting easy, and its compact size and light weight make the Q-Go simple to transport by car or public transport.

Frame size
The Q-Go is available in three sizes: Small for children, Medium for smaller adults, and Large for adults of average to tall height. Each size provides the right support and comfort for walking.

Low step-through
The Q-Go features a low step-through, making it effortless to get on and off. This walking aid offers a comfortable and stable experience, perfect for a smooth ride.

Relaxed seating
The Q-Go's ergonomic saddle provides optimal comfort during longer walks, with an anatomical shape and soft padding that reduces pressure points and prevents discomfort.

Custom support
Do you have specific needs or require special adjustments to move comfortably? The Q-Go can be fully customized and equipped with a variety of accessories.
